Middle's Global Ed Day!

March 11 was a great **Global Ed Day** at the Middle School! Parents and other guest presenters shared their cultures and expertise on global issues, and the day culminated with The Amazing Race's international-themed team competitions. Photos from **The Amazing Race** are on the next page.

Guest presenters included (above) alumna **Cathryn Hilker**, world-renowned conservationist and ambassador for the **Cincinnati Zoo** and for cheetahs. She was accompanied by two magnificent mountain lion cubs.

Parent and alumna **Dotty Shaffer, M.D.** of Full Spectrum Health Center **demonstrated acupuncture** on teacher **Theresa Keller**.

Above, parent **Benjamin Pérez** spoke about **"Mayan Enigmas."**

Brian Gill's Cool Critters Outreach is always a big hit.
